

FAST, OBJECTIVE ROAD ASSESSMENTS

Michelin Better Roads empowers cities and towns to make objective, data-driven decisions about their roads and infrastructure. We automate inspections and generate actionable data about road networks. Our detailed maps, unbiased ratings, and practical tools save time and taxpayer dollars for hundreds of communities.

STEP-BY-STEP PROCESS

1 Send or upload a map of your road network to Michelin Better Roads.

2 Use our apps to seamlessly collect image data of your road network.

3 Each image is rated by our artificial intelligence, using a scale of **1 (best condition)** to **5 (worst condition)**.

4 View your imagery and ratings mapped on RoadWay, our interactive online platform.
